Welcome

Dear Industry Partner,

The British Association for Crystal Growth (BACG) Annual Conference 2026 will take place from 29th June to 1st July 2026 in Manchester, UK.

BACG provides a key meeting and discussion forum for scientists and engineers from academia and industry, as well as suppliers of crystallisation and related analytical equipment supporting the characterisation and evaluation of crystals. The meeting offers a broad overview of current science and technology across all aspects of industrial crystallisation.

Crystallisation plays a critical role across natural, biological, and chemical systems and underpins numerous applications, from purification and environmental technologies to pharmaceuticals, fine chemicals, food ingredients, and advanced materials. As such, crystallisation remains a core process in chemical and pharmaceutical industries, with active research spanning fundamental science through to industrial application.

The exhibition area will be located in the main conference foyers, serving as the central hub for registration, poster sessions, and catering, ensuring high visibility and footfall.

BACG2026 offers industry partners an excellent opportunity to showcase products and services to a highly targeted UK and international audience. A range of sponsorship and exhibition opportunities are available to suit varying budgets.

We look forward to welcoming you to BACG2026.

Introduction to BACG2026

“ A unique opportunity to showcase your company to over 120 scientists, engineers and scientific leaders ”

Symposium Themes

- Molecular & Mechanistic Crystallisation
- Computational & Data-Driven Crystallisation
- Crystallisation Engineering & Process Translation
- Industrial Applications of Crystallisation
- Frontiers & Exotic Crystallisation Use Cases

Venue

BACG 2026 will be hosted in Manchester, a major UK scientific, industrial, and transport hub with excellent national and international connectivity.

Programme

The conference will take place over three days and include keynote lectures, invited talks, contributed oral presentations, poster sessions, and social events. Awards for early career researchers and student contributions will be presented.

Attendee Profile

We expect to welcome over 120 enthusiastic scientists, engineers and scientific leaders.

Academia:
~50%

Students:
~25%

Industry:
~25%

Top reasons to support BACG 2026

1. Direct engagement with a highly specialised crystallisation community
2. Exposure to key academic and industrial decision-makers
3. Opportunities to build collaborations and new business relationships
4. Demonstration of leadership within crystallisation science and technology
5. Support for education and early career researchers
6. High recognition for sponsoring organisations
7. Prominent exhibition space in high-traffic areas

Sponsorship Packages

Gold Sponsor £6000

Logo on pre-conference
announcements

Logo & link on conference website
sponsor page

Use of BACG 2026 branding
in promotional activities

Priority double exhibition space
(3m x 2m)

Two full delegate registrations

Two conference dinner tickets

One promotional email to delegates

Conference Dinner £5000

Recognition as Conference Dinner
Sponsor

Logo on Dinner tables/place settings

Opportunity to place a gift
on each place setting*

One full delegate registration

Two conference dinner tickets

*gift supplied by sponsor

Exhibitor £2000

Company name on sponsor page

Table-top exhibition space
(3m x 2m)

One full delegate registration

One conference dinner ticket

Limited to FOUR companies

Welcome Reception £1750

Recognition as Welcome Reception
Sponsor

Logo on Welcome Reception
branding

Opportunity to provide a gift
to each attendee*

Two conference dinner tickets

*gift supplied by sponsor

Additional Sponsorship Opportunities

Lanyard Sponsor (sponsor must provide lanyards)

£500

Coffee Break Sponsor

£350

Lunch Sponsor

£750

Branded promotional items in delegate bags

£500

(gifts provided by sponsor)

Prize Sponsor

£500

(Best Poster Prize, Best Presentation Prize, Crystals in Art)

per prize
